## WARRANTY TERMS AND CONDITIONS

**Applicable Products:** SPI5000-B2, SPI6000-B2

**Statement:** These warranty terms are applicable only for the following inverters that were sold from 1st Apr 2020 in Australia. This warranty only applies to the original purchaser of the produce and is non-transferable. If products exceed the warranty period, KEHUA can provide the renewal service for the product beyond the warranty period, and sign a renewal contract for the renewal fee and service.

### STANDARD WARRANTY

SPI5000-B2 and SPI6000-B2 has 120 months standard warranty period from the date of installation but not exceed 123 months from the date of Bill of lading.

### WARRANTY CLAIM PROCEDURE

In case of a defective inverter during the warranty period, customers shall report defective inverter with a brief fault description and warranty card information to our local authorized distributor by fax/email to process the warranty claim, To make a claim under the warranty terms of KEHUA, It shall to supply our distributor with the following information and documentation regarding the defective inverter:

- A copy of invoice, receipt, commissioning report or any other document which provides proof of purchase of the KEHUA inverter.
- Product Model No. (Such as SPI-XXX) and serial number.
- Copy of the invoice and warranty certificate for the inverter.
- Copy of the installation report, installation date and maintenance work done.
- Error message on LCD screen (if available) and additional information regarding the fault/error.
- Detailed information about the system design (modules, circuits, etc.).
- Operation process and status information of products etc.

Please contact our local authorized distributor to arrange preliminary troubleshooting if necessary and preliminary judgment. If we agree to provide a repair or replacement, we generally send the spare part or an equivalent replacement inverter according to model and age, the remainder of the warranty entitlement will be transferred to the replacement inverter. Repair or replacement of a defective Product or part thereof does not extend the original warranty period.

The defective spare part or inverter should be packaged and shipped to the KEHUA distributor at their own expense within 2 working days from the date the end customer receives the replacement inverter. If the on-side service of re-installation is necessary, the customers need to negotiate with the distributors in advance.

### WARRANTY SERVICE
